

TITLE

Please amend the title of this application as follows:

Packaging Method That Causes and Maintains the Preferred Red Color of Flesh Fresh Meat

This application, Application Number 10/576,438, is a National Stage Application of International Application Number PCT/US2005/011387 filed April 4, 2005 ("the International Application"). The title of the International Application is "Improved Packaging Method That Causes and Maintains the Preferred Red Color of Fresh Meat." For this application, the applicant accepts the deletion of "Improved" but respectfully requests the correction of the typographical error (i.e., USPTO entering the title with the incorrect "Flesh" instead of the correct "Fresh").
